Education

M.S. Department of Artificial Intelligence **Feb 2025 -**
Hanyang University – Seoul, South Korea
GPA 4.36 / 4.50

B.S. Department of Multimedia Engineering **Mar 2019 - Feb 2025**
Dongguk University **-** Seoul, South Korea
GPA 3.70 / 4.50

Research

Graduate Researcher | COLAB, Hanyang University **Feb 2025 -**
Undergraduate Research Assistant | LMM Lab, Dongguk University **Apr 2023 - Jul 2024**

Project

- **Development of Autonomous Manipulation and Grasping Technology via Imitation Learning with Visuo-Tactile Sensing (w/ KETI)** **Jul 2025 – Dec 2026**
  - Developed a VR-based bimanual teleoperation system
  - Constructed a Mujoco simulation environment
  - Verified imitation learning datasets
- **Advanced AI R&D Talent Development Program for the Sports Gaming Sector (w/ JOYCITY)** **Apr 2023 – Dec 2023**
  - Designed Imitation learning rewards

- Validated algorithm performance through simulation

Patent

- 시각–언어 기반 파지네트워크를 통한 물체 분류, 2026

Award/Activity

- **Dean's List,** 2 semesters (2023-2, 2024-1), Dongguk University
- **Presidential Award**, 2024 ICIP & Capstone Design Final Presentation Best Award, Dongguk University
- **Tobigs 22th**, Machine Learning & Big Data Analysis Society, Korea (Jul 2024 ~Jul 2025)

Language

- OPIC – Intermediate High (IH)

Tool

- Python, Pytorch, JAX, ROS2
- IsaacSim, Mujoco

Scholarship

- **Seolsong Scholarship,** USD 5,214, Seolsong (2 awards, 2024)
- **Academic Scholarship**, USD 1,000, Dongguk Univ (2024)
- **Academic Scholarship**, USD 1,000, Dongguk Univ (2022)
